STL TRACKING TOOL - All Regions ORD Tech Support 06 04 13.xls

Hi All:

I edited the ETSC version to add in the SCMTSC's Region 1 support. I also put it in order of Region and got it back down to a one page print. I think we are darn close to a very good listing of support with this version. Has Burden done his review yet?

Thanks to everyone who's work on this.

Hi Kira-

Attached is the edited tracking tool you sent in June. Took us a while to get all of our edits in. I thank Taryn for cross referencing your list with the ETSC activity list for Q2-2013, and adding the missing data. For all of the sites Taryn added, she put ADDED in the first column. The spreadsheet is up to 177 entries now.

I hope this is helpful in completing the activity database for the STLs. Please contact me with any questions.

John
